

Record Decrease of 200 in Jaysee Enrollment

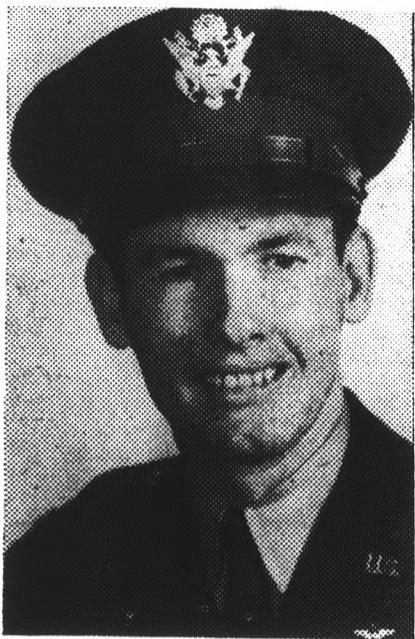

cap. 2

VOLUME XIX

SANTA ANA, CALIFORNIA, SEPTEMBER 24, 1943

NO. 14

LT. ROGER FULLER

Jaysee War Hero Killed In Action

Word was received here last week that Second Lt. Roger W. Fuller, '37, of Santa Ana has been killed in action somewhere in the European area. Lt. Fuller was a bombardier in the Air corps, being credited with participating in 23 bombing missions and having been decorated with three Oak Leaf clusters.

While in Jaysee, Lt. Fuller was a member of Alpha Rho Tau and Tavern Tattlers. He also served on Del Ano staff of '37. After graduating here he attended the Chouinard Art school in Los Angeles and from there accepted a position in the advertising department of a Los Angeles store.

Shortly after Pearl Harbor he joined the Air corps and was commissioned a second lieutenant in November, 1942, at Kirkland Field, N.M. Early this year he reported to an air base in England as a bombardier.

43 Listed For June Graduation

Forty-three sophomores are included on the tentative June graduation list announced this week by the registrar's office. Commencement exercises will be held on June 7 this year, which is about two weeks earlier than usual.

Students listed as eligible for diplomas include Adah Mae Adkins, Marjorie Adkinson, Jean Bartleson, Gene Bezore, John Bryant, Patricia Collins, Barbara Cox, Lois Crandall.

Dorothy Dennis, Virginia Doldard, Virginia Ebert, Mary Alice Eklund, Virginia Faught, Eugene Frisby, Henrietta Griset, Ada Mae Harbaugh, Marjorie Helms, Norma Higgins, Bernita Horton, Robert Jones, Lillian Kuyzin, Mildred Lucas, Doris Makin, Georgia Meacham.

Virginia Michelsen, Carol Miller, Marilyn Murray, Jean Nehrhoff, Barbara Nelson, Donald Nelson, Edna Requa, Gloria Rothenberger, Edna Sexton, Ethel L. Schoneman, Loretta Sondericker, Alice Thornborrow, Elizabeth Thorndike.

Roberta Todd, Muriel E. Verdugo, John F. Vogel Jr., Helen Webbeking, Dorothy Winterbourne, and Shirley Wright.

NIGHT PE OFFERED HERE

Women students engaged in war-work and those taking part-time programs will now have an opportunity to meet their physical education requirement by attending the evening classes now being offered from 7-9:30 on Tuesdays and Thursdays.

Schedule Student English Test Talent Assembly To Be Given

A student assembly to be held the first of next week was discussed at the first meeting of the Associated Students executive board Monday afternoon. Yell king and two song leaders will also be elected by the students during the assembly, it was decided.

Date for the program, which is to be held in C110, will be announced later in El Diario, according to President Bob Jones. He further stated that freshmen wishing to participate in the assembly should contact Norma Higgins, program chairman, immediately and those planning to enter try-outs for yell or song positions are urged to start practice also.

Those who wish to purchase Associated Student membership cards in order to attend may do so at the college business office in the Board of Education building.

Roving Banker Will Visit Campus Today

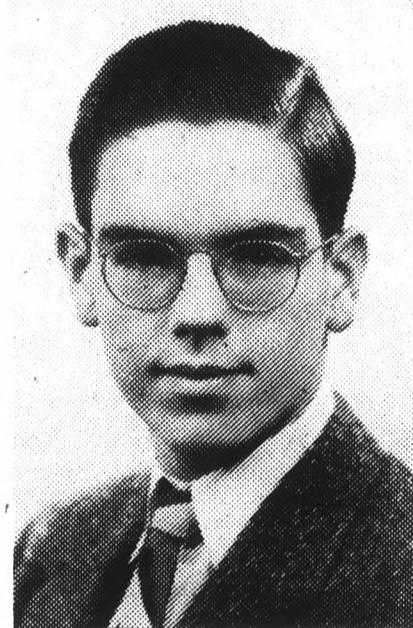

In cooperation with Civilian Defense Week, which began last Saturday, Sept. 18, and ends today, according to a decree by Gov. Earl Warren, the Roving Banker stopped on the junior college campus this morning between 11:30 and 12 o'clock to sell war bonds and stamps.

The Roving Banker truck is equipped with a cash register, a typewriter, and sufficient personnel to handle the volume of business, and students received their bonds and stamps at the time of purchase.

Second English Placement Test will be given in Bungalow M, Sept. 29 from 1 to 4 p.m., it was revealed today. This test is required of all Freshmen who have not taken the examination previously.

Sept. 29 is also the last day for withdrawal from courses without grade.

A second test in Arithmetic will be held on Sept. 30 from 10 to 12 p.m. in Bungalow M. This test is for commerce students who have not previously taken it.

PRESIDENT BOB JONES will head the semester's Associated Student activities, first of which will be a talent assembly next week.

To Frosh—Our Future Dreams

(An Editorial)

You've no doubt found a time when your mind and your heart were filled with all the things you wanted to say, but somehow you couldn't say what you meant. The words, when they did come out, stumbled over themselves in their eagerness to express your emotions, but they flopped—flat on their face. And you were embarrassed at your clumsiness and were disappointed that you hadn't been able to tell what you wanted to say.

Well, we sophomores feel somewhat like that now. A thousand words of welcome to a new freshman class are on the tip of our tongues, but we're not sure how to put it into words. How can we say that our hopes for all the traditions for the future . . . traditions which seem to have fallen by the wayside because of the demands of war . . . rest in you? How can we say that we dream of the day when you or the freshman class you greet as sophomores will carry on a normal scheme of campus life?

Somehow, put into words it doesn't sound as deep as we mean it . . . it couldn't, for words can never measure the depth of feeling. But, still, every sophomore remembers that in 1941 over 1500 were enrolled in Santa Ana Junior college instead of the 500 this year. He probably won't admit it, but he hopes that the "good old days" are around the next turn in the road. And though he knows that he won't be here to enjoy them, he has big plans for those who will.

So if you wonder at the warmth and sincerity of our welcome, freshmen, just remember the other thousand who aren't here today. The thousand who **might** have been among the Dons and Donas who sat on the sidelines while the '43 team charged down the field to another national championship, who **might** have been sitting today in a new junior college building consecrated to the goddess of American freedom—education. If our thoughts seem far away when we extend this welcome, remember that we're dreaming of the things that **might** have been and thinking of the day when **you** will be a part of that dream come true.

The future of Santa Ana Junior college lies in you . . . you can make it all that we cannot. That's why we welcome you with a deeper sincerity than any other sophomore class has greeted its underclassmen.

Purchase of ASB Tickets Urged

All incoming students automatically become members of the Associated Students, the official organization composed of all regular enrollees.

Purchase of the Associated Student ticket is urged of all members in order to encourage full participation in the activities under the jurisdiction of the association. Activities accessible through a student ticket are athletic events, publications, social life, assembly programs and forensics, El Don, semi-monthly college newspaper; Del Ano, annual yearbook, and Tavern Post, semi-annual literary effort, are free to those holding Associated Student membership. This membership also permits one to join campus clubs and societies.

Working with Associated Student President Bob Jones this semester will be Norma Higgins, vice-president; Barbara Nelson, secretary-treasurer; Beth Thorndike, social commissioner; Mary Alice Eklund, AWS president; Muriel Verdugo, WAA president and athletic commissioners pending appointment.

Associated Student business is carried on by an executive board and a faculty adviser. Executive board members, president, vice-president and secretary-treasurer of the Associated Students are elected by the students. These executive board members in turn appoint the other officers comprising the board except the presidents of the sophomore and freshman classes, who are elected by members of the respective group.

WAR MAKES CHANGES IN NIGHT SCHEDULE

War brought many new courses to the regular night and day school curricula, it was indicated today following the addition of several new classes.

Among the latest classes to be added are machine shop, which is scheduled to meet each Tuesday and Wednesday from 6:30 to 9:30 p.m.; refresher math, 8:10 to 10 p.m.; physics, 6:10 to 8 p.m.; and two sections of blueprint reading.

In addition to the campus course in beginning Japanese, Jaysee is also offering the same course at the SAAB.

In keeping with the Good Neighbor Policy, a study in the survey of Mexico has been added to the night school program.

With the return of Mr. Bruff from the University of Mexico, where he has been doing research work in archaeology and botany, the course in semantics is again being offered.

Classes in philosophy, business arithmetic, and women's physical education are also included in the evening school program.

Starting next week there will be classes in carpentry, boat-building, and sheet metal work.

Dickson Discloses Library Schedule

The junior college library is open from 7:30 a.m. to 4:00 p.m. for students' studying needs and reading pleasure, Librarian Lilian Dickson said today.

Reference books, periodicals, fiction and non-fiction are available to students. Most books may be checked out for two weeks; however, assigned books from instructors may be checked out overnight only.

The library supplies the best of the new fiction and non-fiction. New books now available are:

(Continued on page 3)

Night Classes Equal Day Enrollment

Total junior college enrollment reached 530 today, following the registration of more than 100 students on Wednesday and Thursday, according to a report made late yesterday by Registrar Mabel G. Whiting.

The present college enrollment is approximately 200 below that of the corresponding date last year, it was stated. Enrollment is almost evenly divided between day and evening classes. Women outnumber men in the day division by a ratio of about three to one.

Most popular courses in the newly organized college night school include Spanish, shorthand, psychology, navigation, history of the Far East, women's chorus, and typing.

Among pre-induction courses appealing to part-time students and military personnel are mechanical drawing, refresher-math, physics, and machine shop.

Jaysee Grads Now At Many Colleges

Many California universities are receiving grade transcripts of former Jaysee student, according to Miss Mabel Whiting, registrar. UCLA appears to be the most popular, five former Donas now enrolled there—Fredrica Ewing, Alice Iverson, Martha George, Betty Banks, and Lujean Kail.

Choosing Berkeley are Barbara Matson, Erma Orr, Margaret Lockett, and Maxine Hillyard.

Other alumni and their selection of colleges are as follows: Mary Anne Andrews and Mildred Lockett, Santa Barbara; Dorothy Weiss and Marjorie Babcock, Redlands; Helen Drescher and Mary Henderson, Whittier, and Louise Haven, Chapman; Eugenia Bond and Jeanne Turner, Occidental; Irma Youel and Arlene Bradley, USC; Nora Warnke, Stanford; Mary Zahm, Mercy Hospital; David Geddes, University of Maryland; John Shafer, California State Polytechnic Institute; and Elmer Koenig, Southwestern University of Texas.

Two Mother-Daughter Teams Enter Jaysee

Santa Ana Junior college can boast of something that is of interest to all. For not only are girls attending school this year, but their mothers are also.

We have not only one mother and daughter, but two. The Gales mother and daughter team, Ruth and Fern, who are both majoring in music and English, and the Grisets, Blanche, who is a psychology and history major, and her two daughters, Henrietta and Margaret, are the families who have turned all out for education.

Two generations are realizing the importance of education and are taking advantage of the opportunities offered by the junior college.

ENSIGN WILBER MARSTERS, former Santa Ana Junior college student, was graduated from the Naval Air Training center at Corpus Christi, Texas, recently.

Santa Ana Jaysee To Have Football, Says Coach Cook

Fifteen men answered the call for football players issued by Coach Bill Cook, when the Santa Ana Junior College Dons began fall training at Clayton field, Santa Ana High school, last Monday afternoon. Coach Cook was faced with the smallest squad in his seventeen years of coaching at SAJC. It was back in 1926 when his first call was answered by 21 men.

With only one returning letterman, Captain Willard Bristow, and several other candidates, none of which has more than high school experience, Headman Cook will attempt to form a respectable team to represent Santa Ana on a free-lance schedule.

As yet, no definite schedule has been worked out, but both Fullerton and San Bernardino are intending to field teams, while Pomona and Riverside are as yet undecided. Definite non-starters are Chaffey and Citrus. While but two other Eastern conference teams are pretty sure of a team, several other junior colleges have given their intentions of having football. They include Compton, Ventura, Bakersfield, and Pasadena, which was always a thorn in the side of the Dons.

Men reporting for daily practice, now held at the bowl from 3:30 p.m. until 5:30 p.m. are Captain Willard Bristow, returning from last year's National Championship team; Bill Neth, who alternated at tackle and end for Newport Harbor, Sunset League champions and Southern California finalists; George Endres, regular tackle coming up from the Santa Ana Senior high school Saints; Phil Nixon, graduate of Leutzing high school in Inglewood; Ron Troutman, backfield man from Iowa; "Chili" Bressler and Bill McPhee both tackles, coming from Santa Ana high; and George Crawford, Robert Jones, Warren Cairns, Don Robinson, Keith Naylor, Bob Wyrick and Robert Levy from Santa Ana; and Bob Miller from Tustin.

Colleges Will Discuss Football At Monday Meet

Some indication as to what may be expected in the jaysee football situation may come as a result of a meeting of college representatives at Compton jaysee Monday afternoon.

According to announcement made by Earle Holmes, commissioner of the Western jaysee conference, members of that league have scheduled the meeting in an effort to work out a tentative fall gridiron schedule.

It is not expected that the Eastern Division, of which Santa Ana is a member, will field many teams this year, as Chaffey, Pomona, and Riverside have already announced that they would not participate. Class registrations at San Bernardino do not begin until Monday, after which officials there are to determine whether they will have a team.

It is believed that both Santa Ana and Fullerton will continue to try to work out a schedule, although the Eastern conference executives are not expected to discuss the matter until their first meeting at San Bernardino on Oct. 11. John L. Lounsbury, director at San Bernardino, is president of the Eastern Division this year.

Pullon Sweaters

You're gonna need one! Better get a good one while you're at it. It pays to buy quality these days. There's one that's got everything. All Wool (but not a yard wide). Firm body and in three swell colors . . . Air Blue . . . Camel Tan . . . Eire Green . . . Don't think that the girls aren't buying 'em too!

WAA SHORTS

By VIRGINIA MICHELSSEN

First meeting of the Women's Athletic board was held Monday afternoon at 1:40 for the purpose of planning the sport season calendar and social events.

Extensive plans are being made for the coming semester, and a cordial invitation is extended to all girls to help put this program over with a hearty bang. It is up to each and every one of the women students to make this a memorable year in spite of war difficulties. One of the best ways of accomplishing this is by participating in as many sports activities as possible. So let's all cooperate and keep a friendly spirit prevailing.

WAA bowling season begins next Tuesday, Sept. 28, it was announced by the board at the meeting Monday.

Bowling as an after-school sport has proved to be very popular with the women students, and it is believed that this year will be no exception.

All girls interested in after-school sports are invited to take part. The bowling alley on Fifth and Ross streets is the place, and 2:40 p.m. is the time.

wly Frosh Cap as Prevailed mpus Since '26

sign of the freshman class, the green beanie, has endured 17 years on the local campus during which time it has thrice changed colors and been discarded.

Starting off in Sept., 1926, green beanies were imposed upon Frosh by upper classmen in going with the late color fashion.

These beanies heralded lower class subordination for one year until the color was changed to the sage hues—purple and white. In keeping with changing trends, the campus colors and freshman chapeau were changed at the vote of the Associated Students from scarlet and black in May, 1928.

In 1931 and 1932 the beanies were pigeonholed in favor of large green buttons identifying the carriers as Frosh.

Returning as the lesser of two evils, the red and black beanies have been in use for the past 10 years.

Last year, not enough beanies could be obtained to dress the heads of the incoming Freshmen, so the tradition was temporarily suspended, but this year the familiar caps again grace the heads of the neophytes.

Beanies were traditionally designated by Harvard upperclassmen, who required all entering Freshmen to purchase green beanies as a joke. Today Frosh beanies are a national college tradition.

NOW AN ENSIGN in the Waves is former instructor Alice L. Smith, who taught commercial and secretarial classes here. She recently received her commission at Hunter College, New York. (Cut courtesy The Register)

Incoming Frosh

(Editor's note: With many of the men and women in the services who might have been pursuing courses at Santa Ana this year if it were not for war, we feel that a column listing the various activities of former students now in the armed forces is a necessary part of our paper. If anyone has information concerning any such person, he may slip it through the slot in the door of El Don in BJ.)

Former Student Francis P. Mercier, who is a resident of Santa Ana, was graduated at Corpus Christi, Texas, recently and was commissioned an ensign in the U.S. Naval Reserve.

Kenneth B. Nissley, jaysee alumnus, has been promoted to first lieutenant in the Quartermaster corps, according to word received here. Nissley, who is an administrative officer at Camp Lee, Va., attended the University of California at Berkeley after being graduated from junior college and held a position as physical director and program secretary for the YMCA at San Diego before entering the service. He has a brother, Cpl. Harry B. Nissley, who is stationed at Marfa, Texas.

Alumni Robert L. Payan, Will D. Ball, Jr., and Elton Denner entered training as pre-aviation cadets in the Army Air Forces this summer, it has been reported. Robert L. Boyd, Jr., is another former student to be graduated from the Naval Air Training center at Corpus Christi recently, and he, too, has been commissioned an ensign in the U.S. Naval Reserve.

DANZ-SCHMIDT PIANO CO.

520 North Main

September 14 marked the date of a new phase in Freshman receptions at SAJC when, following the college aptitude test, incoming students were gathered on the southeast lawn of the campus to be introduced to the faculty. Students first received name tags from Barbara Nelson, Associated Student secretary-treasurer, and then passed down the faculty reception line headed by Bob Jones, Associated Student president.

The punch bowl was the next stop for all, which was followed

by a musical program given by Adah Mae Adkins, violinist, Ada Mae Harbaugh, soprano. Selections by Miss Adkins were "Serenade du Tsigane," by Valdege; "Tambourin," by Grossec; and "Mazurka Oberatt," by Wieniawski. Vocal numbers chosen by Miss Harbaugh were "Alice Blue Gown," "I'm Falling in Love With Someone," and "Summertime." Both performances were accompanied by Fredrica Ewing at the piano.

Other sophomores on hand to greet the Frosh were Pat Patterson, YWCA president; Mary Alice Eklund, AWS president; Pat Collins, Bernita Horton, Virginia Michelsen, and Ethel Schoneman.

Know What They Want

In order to receive inside "dope" on freshman impressions on entering junior college, El Don staff members snooped into the first theme papers of English 1A students.

Most important conclusion we derived from these first impression papers was this: the lack of men on the campus is more conspicuous than any other loss.

Freshmen boys exclaim that they are continually outnumbered by girls, often times are the only male in the class. One young man asks: "Can it be that Santa Ana Junior college will become no longer co-educational and be turned into a women's seminary?"

However, we should not overlook the serious side of the manless college year, for the freshmen have not. They registered, explained one girl, because "men or no men" they want and need a better education for their own and for their country's betterment.

What appeals to most freshmen is the freedom of college life. They like planning their own courses. They like running downtown during a class break instead of being sent to study hall as in high school. They feel on their own for the first time in their lives, like learning to swim but not knowing how far out to go.

Freshmen admit bewilderment during registration days and fright the first class day, but they say the students and faculty are friendly and helpful.

Freshmen would, naturally, prefer the old junior college days, but they unquestioningly accept a war college year. They are ready to study, eager to learn, for they already realize that education of the people is the most important factor in keeping America a democracy.

No Holiday For Germs

Did you have a vacation? The tubercle bacillus did not.

This was the warning issued today by Linton T. Simmons, Santa Ana, president of the Orange County Tuberculosis and Health Association.

The tubercle bacillus, he reminded, is the germ that causes tuberculosis. He pointed out that regardless of whether you had a vacation and regardless of whether you "never felt better in your life" or "think you are getting something" this is an excellent time to find out where you stand in regard to tuberculosis.

"The habit of wanting to start new activities in September is a hold-over from school days when we entered new classes, carried new books and made new friends," said Mr. Simmons who is also director of secondary curricula in the county. "In line with that thought, let us take a new lease on health."

"There is only one real way of learning how we stand in regard to tuberculosis. That is by having a chest X-ray, if you notice any of the symptoms such as loss of weight, been positive to the tuberculin test but were not X-rayed, if you notice any of the symptoms such as loss of weight, a cough or cold that is prolonged or tempature above normal in the afternoon, play safe and have a chest X-ray. It is always a great source of personal satisfaction to know that your lungs are healthy, but if you should have tuberculosis, the earlier treatment is started, the earlier may you look for recovery."

As night school classes begin to function, a course in navigation is now in progress. The course is the same as the one offered in summer session this year.

The ground school instruction in navigation, part of the Civilian Pilot Training program, conforms to the regulations established by the CAA. Students of the class may also qualify for CAA training, according to Martin Brauti, new class instructor.

Navigation is a two unit course, meeting on Tuesday evenings from 7 to 9:20 in C8.

If sufficient interest is shown in the subject, the course in navigation will be followed next term by classes in meteorology and civil air regulations, it was indicated.
